

Exhibit at "SEMICON KOREA 2026"

2026.01.28

We are pleased to announce our participation in "SEMICON KOREA 2026" that will take place at COEX in Seoul, South Korea from February 11 (Wed) to February 13 (Fri), 2026.

"SEMICON KOREA 2026" is an international exhibition that displays the latest production technologies, equipment, and materials for the semiconductor industry.

At our booth, we will exhibit panels on batch deposition equipment and treatment process equipment compatible with cutting-edge devices, as well as equipment for ultra-high-temperature SiC power devices. We will also show videos that introduce our business activities and ESG initiatives.

We look forward to seeing you at the event.
