

Acquisition of DNV Working Environment Evaluation Certification

2023.12.16

As part of confirmation of the company's transparent working environment operation status and compliance with RBA standards from Samsung Electronics, our customer, we have examined the "Verification of Working Environment of Partner Company" through DNV, a third-party evaluation agency.

The verification items are labor rights, health and safety, environment, ethics, and management system, and as a result of the initial and confirmation audits through the evaluation agency, we have obtained the 'GREEN grade' as a company that complied with all 85 requirements.
