

## Exhibit at "SEMICON KOREA 2025"

2025.02.05

We are pleased to announce of our participation in "SEMICON KOREA 2025" that will take place at COEX in Seoul, South Korea from Wednesday, February 19 to Friday, to February 21, 2025.

"SEMICON KOREA 2025" is an international exhibition that displays the latest production technologies, equipment, and materials for the semiconductor industry. At our booth, we will propose KE group's semiconductor manufacturing equipment using panels and show videos that introduce our business activities and ESG initiatives.

Please give us a lot of attention.
